

DECA Preschool Program Second Edition Overview Training

In this one-day training, participants will be introduced to resiliency theory and the five steps of the DECA Program. This training will provide participants with an understanding of how the DECA Program can be implemented in early care and education settings, with a primary focus on how assessment results can help teachers plan to support the social and emotional development of ALL children in the classroom.

August 24, 2015
8:30 am - 3:30 pm
CESA 10 Conference
Center
