

# PDP – New Reviewer Training

Being a PDP team member is a great opportunity to provide collaborative, professional support to fellow educators in Wisconsin. This training is for anyone who is currently not certified as a Reviewer and would like to gain certification and offer this invaluable support. Training for PDP team members has been updated and will be offered in a blended format. Two weeks prior to the face to face training (4-hour session), participants must begin to complete approximately 6-hrs of online work before the training session date. A half day face to face session will culminate the work and allow participants to gain the necessary certification. All course work must be completed by the training date at CESA 9.

**\*\* Important Note-** participants must complete all the required on-line components before the face to face portion. All registered participants will be sent the information for the online portion.

Register early! Each class will be limited to 20 participants. Additional trainings will be added based on need.

**\*\*Current Reviewers-** your current certification to be a PDP reviewer has been extended until June 30, 2016. An on-line refresher course will be created by DPI in the fall to allow you to renew your certification.

**AUDIENCE:** New Reviewers only. Professional Educators, Administrators, IHE Representatives

**CESA 9 CONTACT:** Al Betry, CESA 9 Director School Improvement Services

**TIME:** 8:30 AM – 12:30 PM

**LOCATION:** CESA 9 office, Tomahawk
