## Description

Specially designed to navigate and dive deeply into an inquiry process using the most current data for Wisconsin students. These sessions will provide new investigation protocols for K-8 and High School teams to go beyond data mining to connect student data, teacher practices and school/district goals.

Prepare NOW to send a team that will dig deeper and faster through the use of WISExplore tools and processes to begin your 2015-16 school year armed with the right plan for improvement. This training is open to all schools in CESA 1 and CESA 2.

## Objectives

Participants in the data retreat will...

- ~ Gain familiarity and confidence in using WISEdash and WISEforms
- ~ Deepen understanding of the data inquiry process and rationale
- ~ Become familiar with vendor reports and use of them with other data from WISEdash in the data inquiry process
- ~ Review and discuss concrete examples of each step of the data inquiry process incorporating sample data
- ~ Participate in guided practice of data extraction and data analysis using WISEforms and the data inquiry process
