Wisconsin School Mental Health Framework: Shifting Adult Perspectives and a Roadmap for Next Steps

Wednesday, October 28, 2015 --12:30 to 3:30 p.m.

**Presenter: Sue McKenzie, Co-Director Rogers InHealth, Rogers Memorial Hospital
Monica Wightman, Consultant, Wisconsin Department of Public Instruction**

Description:

During this half-day workshop you will explore the Wisconsin School Mental Health Framework, adult attitudes that lead to engagement of students with mental health challenges, and a needs assessment that will guide future work in your school.

Topics include:

- Establishing empathic connections with students and parents.
- Co-planning with students, parents and providers.
- Core elements to consider when adopting the WI SMH Framework.
- Exploring a needs assessment for aligning school mental health strategies with your school's PBIS foundation.

Who should attend?

- PreK-12 educators, school counselors, social workers, special education teachers, school psychologists and building principals
