Description:

CESA 2 is offering an opportunity for special education teacher leaders to collaborate and network with other teacher leaders across our region. We will offer 3 networking sessions which will build on each other in content and discussion. Participants in each session will offer guidance to the next network discussion outline. A fee of \$25.00 covers all three sessions, including lunch.

All sessions will offer initial discussion and networking in the AM. Lunch is provided with each session. Afternoon sessions will provide an opportunity for individuals to network with others on extending and applying morning discussions to their setting.

Network Session #1: Outcomes for Special Education Students

Morning discussion will focus on:

- ◆ Wisconsin initiative RDA (Results Driven Accountability with a focus on reading)
- ◆ What does RDA mean for special education students?
- ◆ What does “college and career ready” really mean?
- ◆ Are special education students “ready” and how do we know?
- ◆ Is the achievement gap really an opportunity gap?

Afternoon session will extend and apply information from morning discussion:

- ◆ What are special education outcomes in my building/district?
- ◆ Where are the gaps? What is working? What can we do to increase outcomes?
- ◆ How might we begin this change process?
