

# Using the Growth Mindset Model to Develop GRIT in the Classroom

- What does a Growth Mindset school look like?
- How does having a Growth Mindset impact students?
- How do we teach perseverance (GRIT) in the classroom?
- Why is teaching GRIT so important for today's students?

Join us for a day of learning about developing perseverance and a growth mindset to help students be more successful and engaged in STEM classrooms.

## Outcomes:

1. Develop an understanding for growth mindset in ourselves
2. Learn how to cultivate a growth mindset in all students
3. Research tools to help create a Growth Mindset rich classroom environment
4. Define and model what GRIT in the classroom looks like for students

## Wednesday, March 02, 2016

9:00am—3:00pm

# REGISTER HERE!

**ONLY \$25.00 REGISTRATION FEE IF YOUR DISTRICT IS PART OF THE 2015-2016 CESA #4 STEM NETWORK!**

(\$150.00 standard registration fee)

“So what should we say when children complete a task—say, math problems—quickly and perfectly? Should we deny them the praise they have earned? Yes. When this happens, I say, “Whoops. I guess that was too easy. I apologize for wasting your time. Let’s do something you can really learn from!”

— Carol S. Dweck, *Mindset: The New Psychology of Success*

**CESA #4**

923 E. Garland St.

West Salem, WI
