Clair Fedderly

Jessica Gross

Paraprofessionals play an important role in the success of students and schools. This training will provide skills and strategies that will help paraprofessionals be successful.

Topics will include:

- Understanding Autism Spectrum Disorder
- Confidentiality in the classroom
- Behavior management
- Classroom supports in an inclusive environment
- Title I laws and strategies
- General strategies and practices
- Mental health
- Google tips & tricks

Participants will receive a certificate of completion from CESA 5.
