

# Special Education Indicator 7—Child Outcomes

## Getting Systems in Place for Entry to Exit

This training is intended to strengthen participants' knowledge of recommended practices and procedures that lead to accurate child outcomes data. This includes your assessment practices/system, rating practices, and your internal system for monitoring and reporting the data. Particular attention will be paid to how the Indicator 7 work (including assessment) can be integrated within your existing IEP practices from referral and evaluation through the time the child exits your child outcomes cohort.

**Date:** Monday, March 14, 2016
