

## FACTS ABOUT LEAD

- Since 1996, more than 44,000 Wisconsin children age six and younger were identified with lead poisoning.
- Nearly 1 in 20 Wisconsin third graders in 2009 were known to have been lead poisoned.
- A child with lead poisoning usually does not look or act sick; the only way to know if a child has been lead poisoned is through a blood test.
- Third graders who have been lead poisoned score 14% lower on reading and math performance tests on average.
- Children who are lead poisoned are more likely to suffer as adults from kidney disease, diabetes, Alzheimer's, and early death from stroke, heart attacks and high blood pressure.

Facts found on Lead-Safe Wisconsin website: [dhs.wi.gov/lead](http://dhs.wi.gov/lead).

# LEAD SAFE RENOVATOR TRAINING

## TRAINING DETAILS

## REGISTRATION FORM

### WHY IS THIS TRAINING OFFERED?

Lead poisoning is a preventable disease. It is prevented primarily through the removal or control of lead paint dust hazards. In 2009, Wisconsin's Department of Health Services announced new lead rules that comply with the EPA's **Renovation, Repair & Painting Rule (RRP)**. This rule was enacted to protect young children during renovation activities in facilities built prior to 1978 when lead was banned from paint. The rule requires that people who disturb lead-based paint must be lead-safe certified and follow specific work practices to prevent lead contamination. **Training provided by the Milwaukee Lead/Asbestos Information Center.**

### WHO SHOULD ATTEND?

At least one person from each school district is required to complete this course if they maintain a child-occupied facility built prior to 1978 and will be disturbing 6 sf internally, 20 sf externally or any windows. This could include a classroom or daycare facility. After this person is trained, they will be able to train other maintenance personnel at their district.

### TRAINING DATE AND LOCATION

We invite you to attend the upcoming Lead Safe Renovator Training:

**April 21, 2016**

Great Wolf Resort

1400 Great Wolf Drive

Wisconsin Dells, WI 53965

Registration begins at 7:30 a.m. Training time is 8 a.m. to 5 p.m.

### TOPICS INCLUDE:

- Background of Lead
- Health Effects of Lead
- Lead-safe Work Practices
- Safe Lead Cleanup

Register online from the CESA 10 website at [www.myquickreg.com](http://www.myquickreg.com).

Or, complete and return the attached registration form with payment.

### REGISTRATION FEE

- \$275 for CESA-contracted districts
- \$295 for non-contracted districts

**Note:** Districts that currently have an EHS contract with CESA 10 receive a discount of \$20 per person. A continental breakfast and lunch are included with registration fee.
