

How to Conduct Friendly and Productive IEP Meetings

Wednesday, April 13, 2016

9:00-12:00

Held at: **CESA 2**
1221 Innovation Drive, Suite 205
Whitewater, WI

Families and school staff have plenty of opportunities to meet when a child has a disability and requires special education services and supports. The relationship between families and school staff isn't always easy to navigate. Working together benefits all children in the long run and that's what everyone wants. This workshop will:

- Provide feedback from parents and districts in Wisconsin about what worked and what didn't work in IEP meetings.
- Provide constructive and practical tips and techniques to increase the productivity of an IEP meeting.
- Support both parents and districts in developing stronger relationships.
- Focus on ways to remain student-focused in the IEP process.

Target Audience: Parents, school staff, administrators, and anyone interested in making IEP meetings more friendly and productive.

There is no charge, but everyone attending must register.
