Have you been trained in Remediation Plus?

Then this network opportunity is for you. Join other teachers in the region who are also implementing the system in their intervention and core curriculum work. Veteran teachers, Ruth Kowalski and Janis Olson will help facilitate these sessions, sharing practical ideas for organizing the materials, room arrangement, homework, classroom management and assessment.

Time for collegial discussion will provide opportunities to answer questions, offer clarification, share insights, work through student and program issues, and celebrate successes.

LITERACY CENTER

Cost: \$50.00 per participant, per session, for CESA 8 -Literacy Center member school districts.
