### Writing Topics Covered:

- What is Writing to Learn?
- What is a Writing Strategy?
- Writing to Learn Strategies
- Writing with a Purpose
- Supporting the Writing Process
- Writing for Assessments
- Argument Writing, Supporting Claims with Evidence and Reasoning

### Reading Topics Covered:

- What is a Reading Strategy?
- Simple Reading Strategies to Help with Comprehension
- Types of Text and Modeling What Strategy to Use When
- Vocabulary Strategies
- The Value of Talking About Understanding
- Inquiry Lesson to Foster Reading Comprehension
- Textbooks: Overcoming Flatness, Passive Construction, Piling On, and Truth

## STRUCTURE AND CONTENT:

The days are designed to be make-and-take. You will learn a strategy and then apply it to how you can use it in your classroom. There will be time for discussions and lesson building.

The focus is 6-12, but will be organic to the people in the room. The participants will drive the resources and discussion with their needs, questions, and interests. Questions ahead of time are encouraged.

Agendas, resources, and recommend book lists will be emailed a week before registration. Some resources will only be given during the workshop.
