Join us for this exciting opportunity!
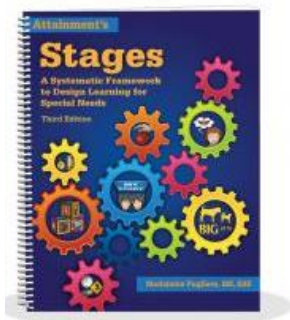

Stages: A framework to design learning and select materials for individuals with cognitive or language delay

Using the Stages Framework to Design Data-Driven Curriculum
Presented by *Stages* author Dr. Madalaine Pugliese

Question:
How do you implement a long-term program that systematically addresses assessment, accountability, and developmentally appropriate curriculum for learners with special needs?

Answer:
Stages Framework is a guide to design learning and select educational materials for individuals with cognitive or language delays. The framework offers effective ways to: assess what your learners know; demonstrate their progress over time; choose from extensive lists of recommended appropriate skill-building learning materials; and describe learners using a common language with IEP and curriculum planning teams.

Included in the workshop:

- Overview of the framework, and demonstration of how to use the new Stages Observable Skills Checklist in the context of collecting evidence for alternate assessment.
- Hands-on learning with the nine dynamic apps. Emphasis on: GoWorksheet Maker, which quickly converts printed worksheets into customizable, interactive activities on an iPad and can be used across most Stages.
- Research surrounding differentiated instruction and universal design for learning that guided the development of the Stages Math Number Sense software and app.
- Skills practice and assessment activities are provided in nine key mathematical skill areas with options for learning scaffolds with customizable settings
- One copy of Stages book (*Stages – A Systematic Framework to Design Learning for Special Needs*). Participants will also receive redemption codes to 9 different iOS/iPad apps that can be used with students at multiple "stages*".*
  If purchased individually, the included apps and Stages book are valued at $368.91!

Registration fee: $250; materials, lunch and snacks included
Bonus! Attainment will provide a door prize of either The Stages Math software or app – your choice! ($129-$169 value)

Date: Wednesday, April 20, 2016 | Registration at 8:30; Event from 9:00-3:00
Location: Crowne Plaza, Madison WI

Registration: Go to http://login.myquickreg.com/

Location: Crowne Plaza Madison 4402 East Washington Avenue Madison, Wisconsin 53704 Phone: 800.404.7630 Fax: 608.244.7829 http://www.cpmadisonhotel.com/	**Room Availability:** The Crowne Plaza will hold a block of 10 rooms for the night of April 19 **until March 27, 2016**. **Single: $82 | Double: $102** A dedicated website is now available to book your hotel room online. Booking Website: https://resweb.passkey.com/Resweb.do?mode=welcome_gi_new&groupID=58060356
Directions: http://www.cpmadisonhotel.com/location.aspx	Rooms are under "Stages". You may also call 888-233-9527 to make reservations. Ask for the "Stages Block" to ensure you receive the discounted block rate.

Additional Workshop Information:

A fully charged iPad required for this event!

Once you are registered at http://login.myquickreg.com, Attainment Company will email to you the redemption codes for the 9 apps.

These apps must be installed on your iPad UNDERLINE BEFORE you attend the event on April 20.

We will dive into the Stages Framework at 9:00am, and we would like everyone to be ready to go!

Workshop Administrivia:
- Registration deadline is April 15, 2016.
- No refunds will be issued after the App Codes have been emailed to registrants.
- If special accommodations are required, paid registration must be received 3 weeks before workshop.
- CESA 2 will do its best to accommodate general dietary requests. We cannot guarantee suitable sustenance if your dietary needs are very specific or severe.
