Meeting the Needs of your Gifted and Talented Students

CESA #4

Wednesday, October 12, 2016

9:00a.m. to 3:00p.m.

This day is geared toward answering questions and providing strategies to assist your GT coordination and programming. A great opportunity for networking, too!

Topics will include:

- “What does and doesn’t” gifted mean? Definitions and profiles of specific types of kids, including underachievers, at risk, 2E, etc, will be examined.
- Identification that is more inclusive and “casts a broader net”
- Spreading ownership of gifted education programming to all stakeholders
- Helping students (and their parents) understand their own learner profiles
- Matching specific student needs to appropriate interventions
- Overview of classroom differentiation: pros and cons
- Examples of differentiation strategies

Cost: Free to GT Coordinators from Cashton, Whitehall, & Wonewoc. All others: \$150.00
