

Moving Forward with ACP

When: October 13, 2016

Time: 8:30-12:00 Workshop

Afternoon Session (Optional): Teams can stay to work on their plan to meet the requirements of Education for Employment (PI26). Greg Curtis will have DPI resources to help you get started.

Link to Education for Employment Plans & Program (Chapter PI 26):

http://docs.legis.wisconsin.gov/code/admin_code/pi/26

Where: CESA #9 office, Tomahawk

Audience: ACP Teams

Cost: \$40 for SI Members (All CESA 9 districts are SI Members)
\$140 for Non-SI Members
(Includes morning refreshments and lunch)

Contact: Lynn Verage, CESA 9, lverage@cesa9.org

AM AGENDA

Incorporating Students with Disabilities into the Academic & Career Planning Process

Kathy Tuttle, Northern Regional Coordinator for the WI Transition Improvement Grant

This session will help you compare Post-Secondary Transition Plan (PTP) requirements to the Academic & Career Planning requirements. We will discuss the role of the Special Education staff and supportive services in implementing and delivering ACP services, and plan for ACP service delivery infused into PTP requirements.

Establishing Partnerships with Businesses & Families

Gregg Curtis, DPI School Counseling Consultant

As educators strive to implement Academic and Career Planning district-wide and community-wide, the realization that schools can't do this work alone is an early learning point. To help students maximize and personalize their K-12 educational experience toward an intentional goal beyond high school graduation, integrating business and community resources into students' experiences is not only possible, but also expected. This presentation will provide information about engaging parents, communities, and businesses in ACP implementation and provide some tools presented in the National Center for College and Career Transitions (NC3T) that facilitate outside engagement.

Supporting ACP through Technology Tools

Archie Barribeau, CESA 9 Director of Technology and Digital Learning

Explore multiple platforms for student e-portfolio creation and other technology tools to help students academic and career plan. Dawn Huseby and Trina Knospe, Tomahawk and Merrill Middle School Counselors, will share examples of technology tools their students use for Academic & Career Planning.
