WI QUALITY EDUCATOR SUPPORT: PI-34

The Wisconsin Quality Educator Initiative PI-34 requires all school districts to provide a support system for initial educators who complete educator preparation programs after August 2004. The support system must include: ongoing orientation; **support seminars**; a **qualified mentor** for each initial educator; and an administrator who has been **trained in the Professional Development Plan Review** process.

“Clear, precise steps and directions allowed me to get my PDP completely written in one sitting, which I didn't think would be possible.”
