

Speech and Language Network

The CESA 6 Speech and Language Network is an opportunity for Speech Language Pathologists to connect with colleagues with the goal of improving individual practices in the CESA 6 districts. The network will meet four times during the school year. Each meeting will include presentation by guest speakers or CESA 6's SLP on new or updated information and research relevant to Speech and Language practices in the school setting. Topics may include, but are not limited to: therapy techniques/approaches, service delivery, therapy materials and resources, AAC, collaboration with educational teams, licensure, and use of technology, working with families, DPI updates and other professional development topics. The second part of the network meeting consists of group discussion, in which all participants will be actively involved in exchanging ideas and sharing best practices and resources with one another.
