Presenter: Mary Jo Ziegler

Description:

The PALS Administration Training walks new users through each component of the assessment.

Protocols for administration, troubleshooting, and practice time are embedded.

Teachers will login to the Online Assessment Wizard and familiarize themselves with the data gathering and reporting tools available.

There will also be a quick overview of the other resources and reports within the PALS Online System.

This training is perfect for teachers new to PALS or changing grade levels.

*Personalized In-District Training Available
For An Additional Fee:*
