Bring a child care partner along!

The Places We Go: What Works in Itinerant Service Delivery

There are many elements that affect the quality of itinerant service delivery. One of the most basic is the I.E.P. This workshop will focus on three elements of the IEP process that are critical to setting the EC team up for appropriate focus and information in providing EC:SE services to young children and their families.

- ❖ Sue Albert will provide **guidelines** and facilitate **practice** regarding **functional, meaningful IEP goals**: including writing and **data collection**.
- ❖ The Edgerton School District EC team will share their now evolved: **Collaborative IEP** process (formerly known as "Smart Board IEPs") that heightens **meaningful family involvement**, along with priority IEP goals

Join us to network and share.

Learn-What's working in other areas, other districts

Share-Small and large group discussions

Synthesize- What do these messages mean for your program?

Facilitated by Susan Donahoe, CESA #2 Early Childhood Consultant &
Sue Albert, Wisconsin Preschool Options Project
