

Understanding and Implementing RtI in High School

Presented by Lori Mueller, Sara Totten, & John Meinke

CESA 5

The process of implementing RtI in our high schools may well be as much determining “What are we doing now that is a part of RtI?” as it is determining “How do we know?” Another key question to address, “How does implementing a RtI framework support existing school improvement process efforts?” To assist in the process of determining next best steps in implementing RtI, this workshop will provide useful information, processes, strategies, and tools to move your school forward. This is your opportunity to learn from practitioners of successful RtI programs.

April 13, 2011

Best Western Resort Hotel
and Conference Center -
Portage

9:00-3:00

**\$25 early bird discount if
registered before February 25**

Cost: \$75 Student Achievement
