

Introduction to Love & Logic...

Incorporating Love & Logic in your school!

This afternoon session, which has been rescheduled for Tuesday, February 22, 2011, due to inclement weather, is a **free of charge** introduction to the ***Becoming a Love & Logic Parent Program*** designed to help school districts discover how they can make parenting classes part of a comprehensive RtI/PBIS initiative through a strong, positive home-school connection.

The ***Becoming a Love & Logic Parent Program*** is guided by five basic principles, each firmly grounded in research:

1. Preserve and enhance the child's self-concept.
2. Teach children how to own and solve the problems they create.
3. Share the control and decision-making.
4. Combine consequences with high levels of empathy and warmth.
5. Build the adult-child relationship.

The primary goal of the Love & Logic Program is to give parents, educators, and others working with children practical strategies for reducing behavior problems, increasing motivation, and building assets which contribute to life-long responsibility and resiliency.

Audience: PK-12 Teachers, Building Principals, School Counselors, Social Workers
Presenters: Lisa Helbing & Sherry Gundlach-Independent Facilitators of Love & Logic Curriculum

Date & Time: February 22, 2011- (Registration 12:30-1:00 pm) Session 1:00-3:00 pm
