### **Description:**

The WI Department of Public Instruction is offering an intensive training aimed at school-based teams who are ready to develop actionable steps towards implementing the Wisconsin School Mental Health Framework in their buildings. Using the principles of implementation science, teams will work collaboratively on developing meaningful and manageable action plans related to wellness and mental health. Teams will also have access to technical assistance throughout the duration of the school year for help with their action plans.

This training will consist of three stages:

1. Pre-training Readiness: After registering, the school contact will be called by a training facilitator to discuss the site's readiness and possible steps to take prior to the training
2. Training: School-teams will attend the all-day training in Whitewater on Monday, November 28th.
3. Post-training Support: Technical assistance will be offered to participants in 2016-2017 to help troubleshoot concerns and celebrate successes.

**Team:** We strongly encourage you to consider expanding an existing team to help support this work.

Team member requirements/suggestions:

- At least one administrator must be on each team
- Other team members to consider
  - Principals, administrator, superintendent
  - Pupil Services: school psych, school counselor, school social worker, school nurse, etc.
  - Teachers
  - School Community Members: Parents with lived experience, students, board members
  - Community Members: Mental Health Service Providers

---

### **Presenters:**

**Kathryn Bush** is the school psychology consultant at the Wisconsin Department of Public Instruction (DPI). She has been a practicing school psychologist in public schools for over 25 years. She also has maintained a small private practice as a clinical psychologist. She is currently the lead DPI consultant on the Wisconsin School Mental Health Project.

**Elizabeth Cook** is the school mental health consultant at the Wisconsin Department of Public Instruction (DPI) and functions as the external coach for the Wisconsin School Mental Health Project. She has been a school psychologist for over 8 years and currently holds a position as school psychologist for the Madison Metropolitan School District.
