Advanced Placement (AP) courses and exams provide students with an additional opportunity to become College and Career Ready.

This workshop will assist schools to create an AP program. Topics will include:

- How to obtain AP course approval
- AP coordinator responsibilities
- AP testing procedures and materials
- Guiding students through the AP process in high school and college

*Bring a laptop. Information will be shared electronically.

“The Advanced Placement Program provides our kids with college-level coursework that exposes them to the rigors of higher education while they are still in high school,” said State Superintendent Tony Evers.
