## Honest, Open, Proud High School Facilitator Training

Do you know students who have a story to tell? This is a training for adult facilitators to go back and use with individual or small groups of high school students. ***Honest, Open, Proud: To Eliminate the Stigma of Mental Illness*** is a workbook for small group discussion or personal use. It helps students look at the story they have been telling themselves, discern helpful and hurtful self-attitudes, and analyze the pros and cons of disclosing in different settings to different people. Lastly, it guides them to draft their own story into a format that discloses not only the pain of mental health challenges but also the internal and external resources discovered and used to live life in the way they choose. Go to: <https://wisewisconsin.org/resources/honest-open-proud/> for more information.

**Presented by:** Sue McKenzie and WISE Wisconsin Partners
