

# ELL Network and Learning Community

## Blue Star - Data Analysis Systems Julee Dredske, CESA 5

May 18, 2011  
8:30 am – 11:30 am

CESA 2 Innovation Center  
1221 Innovation Drive, Suite 205  
Whitewater, WI 53190

The series is designed for **SCHOOL DISTRICTS of ALL SIZES** with district teams of individuals who coordinate, administer or serve as a resource or classroom teacher for English Language Learners. The purpose of the meetings is to facilitate discussion about a topic related to the education of English Language Learners. This allows participants to network, ask questions, and construct new meanings by interacting with others in the field.

### May 18, 2011 Meeting Agenda

- 8:30 Registration and networking
- 9:00 State level updates
- 9:10 Blue Star Data Analysis System Modifying social studies lesson using ELP levels. See Blue Star new ILP – *Individual Learning Plan*. See how ILP can be utilized in your district.
- 11:15 Conclusion

### Looking for an Online Data Analysis Tool?

Blue Star Data Analysis Systems houses assessment data from a variety of sources, including ACCESS for ELLs and provides users the opportunity to monitor student progress in a wide variety of ways.

Here are some examples –

- It allows users to sort and filter data by school, grade level, content area, proficiency standard, gender, primary disability code and more.
- A combination of colors and numbers are used to monitor both growth and attainment models.
- Local district-wide assessments can be added into the Blue Star System.
- Resources explain scoring ranges and attainment goals are linked to the assessments.
- Blue Star allow users to create “Local Groups” to monitor

student interests in very efficient formats.

- Educators can add comments to be shared with others in the district on the progress of individual students.
- Both assessment and data comments for a student will be archived in Blue Star until the student leaves the district or graduates from high school.
- Designed to be user friendly and efficient.
- Secure system that provides convenience by bringing together and housing student data from a variety of assessments in one location.
