## Description:

Educators recognize the need for timely, effective nonviolent interventions with students who exhibit challenging behaviors. They know that such interventions improve the physical safety of all participants and create a more trusting and caring learning environment.

The Nonviolent Crisis Intervention® program is a safe, non harmful behavior management system designed to help educational and human services professionals provide the best possible Care, Welfare, Safety and Security of disruptive, assaultive, and out-of-control individuals.

The new enhanced NVCI programming provides the same core program, now with additional content and new physical intervention options.

**Note: All training will be the Enhanced Training content. Due to CPI quality standards, trainers will no longer be teaching the legacy version of the NVCI content.**

## Workshop Objectives:

- Identify the potential for aggressive or disruptive behaviors.
- Identify the appropriate measures to avoid, decelerate and/or de-escalate a crisis situation.
- Assess the level of risk associated with a crisis situation and intervene appropriately.
- Manage behavioral risk by learning disengagement and/or holding skills.
- Describe the potential impact that crisis situations have on individuals and staff.
- Explain the importance of providing person-centered, proactive services.

## Who should attend?

Professionals, such as teachers, administrators, teaching assistants, social workers, counselors, psychologists, etc., working with students with challenging behaviors within school and community settings. Note: This training is not recommended for parents.

This training aligns with evaluation standards from the CESA 6 Effectiveness Project and the Educator Effectiveness (Danielson Model). For a list of specific standards, contact Sarah Jaeckel at [sjaeckel@cesa6.org](mailto:sjaeckel@cesa6.org).
