

LIBRARY MEDIA SPECIALIST/DIGITAL LEADERS PLC

Wednesday, October 4, 2017 ●

Wednesday, January 10, 2018 ●

Wednesday, April 4, 2018 ●

Attend all three (3) sessions and receive a copy of "Hacking Leadership" by Joe Sanfelippo.

This PLC is designed to meet the needs of educators, including library media specialists and technology coaches, who find themselves designated as digital leaders in the district. Up-to-date information from DPI, ISTE, CoSN and other digital leaders in education will be shared. The tricky mix of pedagogy and technology integration and building tech integration proficiency with staff is addressed. Learn first hand what it means to be a Future Ready Librarian, as roles across not only our state but the nation as well, are being redefined. Most importantly, this PLC offers an opportunity to network and learn with each other.
