CESA 9 is once again offering a (4)-session Instructional Coaching Network series aimed at developing a professional learning community for teacher leaders/instructional coaches. The goals of this network are to:

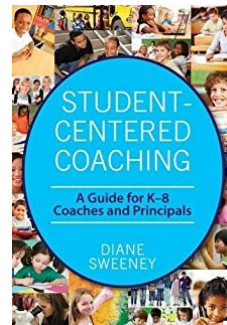

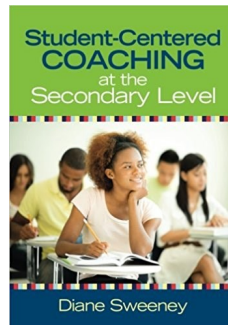

- Build capacity within the teacher leader/instructional coach role
 - Gather 'tools' to use when working with adult learners
- Engage in learning opportunities around student-centered coaching & coaching cycles

This year we are adding a book study. The text is included in the network cost. Participants will have an opportunity to choose a book during online registration. See book selection below:
