Description:

Networking and shared professional development opportunities make a significant contribution to quality of work life for professionals working with young children and their families. Early Childhood Networking meetings are offered to all persons in the CESA 2 region that are interesting in:

- Early care and education topics for children birth to eight years old
- Networking with other districts and agencies
- Regular updates on state initiatives, research, and best practice

The goal of the Early Childhood Networking event is to create a community in which learning occurs through collaboration, information sharing, and exploration of best practice with the focus on current topics in EC.
