

## Blended Learning Live!

Students are now learning both face-to-face and online. Come learn about the various models of Blended Learning and how to apply it effectively to your district and classroom. This three-day experience will help district teams design, prepare, and implement student-centered learning initiatives for blended-learning models.

### Who should attend:

We strongly recommend that teams attend, including at least one senior leader and one teacher at each school that will be participating in implementation.

District Administrators, Teaching and Learning folks, Principals, Instructional Coaches, Teacher Teams, scheduling admin
