

The Writing Strategies Book Study Series

“I am convinced that helping kids to articulate clear goals for their work,” writes Jen Serravallo, “and supporting them with strategies and feedback to accomplish those goals, makes a huge difference.” *The Writing Strategies Book* can help you make that kind of difference with your writers every day.

Looking for a new resource to guide you in developing skilled writers? Jennifer Serravallo offers a collection of 300 of the most effective strategies to share with writers. Whether you use Writing Workshop, 6+1 Traits, Daily 5’s “Work on Writing,” a scripted writing program, the writing exercises in your basal, or any other approach, you’ll discover that this book is a must-have.

Join us as we explore this book and the multiple entry points to guide you with ways to work with whole classes, small groups, or individual writers.
