

# Focus on Standards, Best Practices, & Interventions in Math

Teachers knowing the standards and the best practices for teaching those standards is key when trying to get students to deeply understand math.

In this workshop we will be discussing:

- Grade-level content and focus standards
- Progression of the standards across grade levels
- Standards for mathematical practice and best practices in teaching math
- Planning instruction and interventions based on math progressions and best practices

Audience: K-12 Teachers, Math Interventionists

Presenters: Carole Foreman & Linda Myers

Date: February 22, 2018

Time: 9:00 am—3:00 pm

Cost: \$75.00/person for School Improvement  
Members (includes lunch and materials)

CESA 9 Contact: Linda Myers, Associate Director of School Improvement
