

WHO ARE WE?

CESA 10 is a non-profit educational agency providing facilities management services to assist school districts and governments reduce energy project costs, become more energy efficient, and provide safe and healthy school environments. CESA 10 is actively looking for partnerships for its Energy Management, Owner's Representative, and Construction Management service areas. CESA 10's Energy Management service has saved over \$10 million in energy costs since program inception in 2004. CESA 10 is committed to helping the school districts of Wisconsin save millions more in energy and facility project costs moving forward. For more information on CESA 10's services including Energy Management, Owner's Representative, Construction Management, and Environmental Health and Safety services, call **888-947-4701** or visit facilities.cesa10.org.

"CESA 10 B&G meetings provide the latest information on a wide variety of topics and provide a great opportunity to talk with other facility managers."

*- Craig Chafer, Building and Grounds Director
Birchwood School District*

Gerri Bresina - CESA 10
725 W. Park Avenue ♦ Chippewa Falls, WI 54729

WHO SHOULD ATTEND?

This meeting is intended for Building and Grounds facility staff, administrators, and business managers. Attendees will be able to utilize this meeting to:

- Collaborate with other districts and staff on facility issues
- Receive an update on new technology
- Learn about 2018 Focus on Energy incentives and requirements
- Network with your peers

The Asbestos Refresher course is designed for people who encounter and/or disturb asbestos while conducting maintenance related activities during the course of their work. The following topics will be covered during the training session:

- The background of asbestos
- Health effects
- Personal protective equipment
- Recognizing deteriorated asbestos

This course is a refresher of the two-day initial course, which satisfies the OSHA training requirement for people who perform Class III asbestos activities.
