

ACP Workshop

March 12, 2018

CESA #12 Conference Center

Registration: 8:30 AM

Training: 9:00 AM - 3:00 PM

Know · Explore · Plan · Go!

CESA 12 will host a workshop that has been developed around the comments and suggestions that we have received from the ACP leaders in our district. The three main concerns were with Parent and Family involvement, Business and Industry Involvement and a time to share what has been working for ACP in our districts. A share shop if you will.

Melissa Rabska from the Workforce Investment Board will lead a discussion about our schools becoming involved with business and industry and she will moderate a panel of business and industry leaders in our area.

Dan Miller from the Wisconsin Career Pathways Project will be with us to discuss his work getting the Healthcare Industry working with our K-12 schools, Technical Colleges and 4 year Universities.

Agenda

- 9:00 Welcome & Introductions
