

# Virtual Collaboration in the Classroom

Wednesday, April 18, 2018

8:30 am - 2:30 pm

CESA 9, Tomahawk

Google Expeditions is a virtual-reality teaching tool. You can swim with sharks, visit outer space, walk through a museum, and more, without leaving the classroom. There are close to 500 expeditions available and more in development. Teachers will learn about different ways to provide collaboration opportunities for the students in their classrooms and beyond. The afternoon will include supported planning time for teachers to implement their learning into their classrooms.

## Objectives

- Learn about the free opportunities for virtual collaboration and field trips
- Identify a unit of study that could be enhanced by virtual collaboration or virtual field trips
- Develop an action plan to implement your learning into the classroom or share it with colleagues

**Audience:** K-12 Classroom Teachers, Curriculum Coordinators, Technology Coordinators

**Cost:** \$75 per person for School Improvement Members  
\$175 for Non-members

Includes lunch, snacks, and materials
