

In collaboration with:

CESA #12 - Cooperative Educational Service Agency #12
618 Beaser Avenue, Ashland, WI 54806 • (715) 682-2363 • www.cesa12.k12.wi.us

REVIEWING UNIVERSAL MATHEMATICS INSTRUCTION

Objectives

- Understand what is required of the Wisconsin Standards for Mathematics with a focus on the Standards for Mathematical Practice.
- Recognize the importance of system-wide practices in instruction, collaboration, and assessment at the universal level.
- Learn about Wisconsin's Guiding Principles for Teaching and Learning in the Mathematics Classroom and examine your current status for each.
- Analyze, prioritize, and plan around actions that will have a positive impact on student learning.

Audience

- School or district teams of three or more (principal/school/district decision makers such as curriculum director is essential).
- Representation of general education and special education.
- Support staff specialists including: mathematics teachers, specialists, coaches, and administrators.

School teams will learn how to refine their school-wide implementation of strong universal mathematics instruction. This is an opportunity for district-wide alignment.
