

Educator Effectiveness (EE) Exchange - Data Retreats

SUMMER 2018

The EE Exchange - Data Retreat is a **free, half-day** technical assistance opportunity that offers district and school leaders a space for planning and growth using district and school-specific data gathered through the Wisconsin Educator Development, Support and Retention (WEDSR) survey.

Easy-to-read reports based on district and school-specific WEDSR survey data

Direct access to the research team that collected and summarized the data and the DPI Educator Development and Support (EDS) team

Facilitated data inquiry and interpretation using the survey reports

Time for facilitated action planning based on local data

Opportunities for collaboration and sharing with other regional district and school leaders
