## **CESA and school district guidelines for use**

- Resist the urge to make type larger or smaller to fill up the flyer.
- Keep title to three lines or less.
- Do not center paragraph text. Right-aligned is easiest for the eye to read.
- Always have someone from the Center proofread the flyer before distributing it.
- Use capitalization appropriately. Two common mistakes are capitalizing job titles that are NOT immediately followed by a person's name and capitalizing levels of support.

Correct: universal/tier 1      Correct: Principal Jane Smith or Jane Smith, principal

Incorrect: Universal/Tier 1      Incorrect: Jane Smith, Principal

- Do not have hyphens in the training title.
- Our goal is to get people interested in the training. Think about what the user wants to know, not what we think the user should know. For example, a flyer is not the appropriate place for tips on webinar etiquette.
- If you refer to the center, use our whole name "Wisconsin Rtl Center" (not WI Rtl Center)

## **Feel free to customize**

- If you wish, use [Google URL Shortener](https://goo.gl/) (https://goo.gl/) to make it easier for people to enter the URL.
- Please place your CESA or school logo underneath the center/DPI logos at the top of the page. Do not make these logos larger than the other ones.

## **Do not change**

- The center is working towards consistent integrated branding, so do not use different fonts or change the font size.
- Do not change the section subheads.
- Do not remove either center or DPI logo.
