Integrated Leadership Network Meeting
February 5, 2019

9:00-2:30 Meeting at CESA 12

Purpose: To assist districts in building a strong shared district leadership team supporting implementation and continuous improvement within an equitable multi-level system of supports.

The Integrated Leadership Network is an Opportunity for District Teams to:
- Understand the key features of an equitable multi-level system of support and how it links to your district comprehensive plan and state level initiatives.
    - Refine current vision of your equitable multi-level system of support (your current district vision) based on your shared understanding and collective responsibility
    - Learn and complete a mapping process to evaluate district initiatives/practices to the framework features
- Analyze and identify implementation levels in correlation with the key features of an equitable multi-level system of support using data from the SIR (School-wide Implementation Review, reading/math); TFI (Tiered Fidelity Inventory, behavior); and Educator Effectiveness (SLO/PPG).
- Explore activities and resources organized within a PDSA cycle to support staff in engagement for continuous improvement of your district's E-MLSS
    - Learn to use both student outcome data in correlation with implementation data, as part of your strategic assessment system
    - Use student outcome data to make adjustments to your system's operations (delivery of instruction, adult behavior/practices)
    - Implement the mapping process annually back in your district (with district leadership team) to *prioritize, revise, and release current practices*

Recommended District Leadership Team Attendees: Superintendent, Principals, SPED Director, Title I Coordinator, School Psychologists, DAC/Curriculum Coordinator, Reading Specialist. **This meeting will replace the monthly meetings for those groups.**
