ECSE OUTCOMES NETWORK

This series is designed to provide opportunities for Early Childhood Special Education Practitioners to build capacity for serving each and every child through facilitated networking and common learning opportunities. Sessions will focus on addressing the challenges of providing equal access to interesting, integrated academic and social curriculum content while simultaneously addressing the children's unique learning needs. In addition to receiving updates and resources, participants will have the opportunity to examine key elements to support inclusive practices for children ages 3- 5, including:

- Evidence Based Practices
- Embedded Learning Opportunities
- Differentiation & Modifications
- Adults Working Effectively Together
- Progress Monitoring
- Connecting With Families
