## Districts/Schools ID'd for Improvement

Assistance to Title I districts and schools identified for improvement including identifying and implementing improvement strategies and sanctions as required under No Child Left Behind.

**Professional Development** Reduced cost to attend to multiple professional development opportunities based on regional Title I needs that have been identified by districts in each CESA.

**Grant Opportunities** Current opportunities exist in adolescent literacy, math and science. Enrich your curriculum and your teachers' expertise as they explore new, innovative ways to improve student learning.

**Preferential Pricing for CESA 5 Workshops** Consortium schools pay less to attend most workshops offered through the Center for School Improvement at CESA 5.

CESA 5 offers high-quality, up-to-date training and support in Title I and other ESEA topics. Part of the Statewide Title I Network, our specialists regularly attend state-level meetings in order to bring you the most current information in today's ever-changing educational climate.

In addition, CESA 5 provides high quality professional development workshops for Title I teachers and practitioners. These events are available at a reduced rate of \$25 per person.

CESA 5 does offer additional Title I services with paid membership to our Student Achievement Consortium. Services include on-site support and free attendance to Title I workshops. Some districts may choose to hire our agency to manage their ESEA online application, as well.
