

The Future Ready Coach

Presented by: **CESA 5**
Your Education Solutions Partner

Instructional Coaches, Technology Integrators, Media Specialists, and other educational leaders play a vital role in their schools and districts. They are the agents of change.

In this workshop, we will discuss how to become a Future Ready Coach. Learn how to create innovative, learner-driven experiences that meet teachers where they are and support them through their personal learning Future Ready pathway (engaging curriculum, a community of collaboration, data reflection, curriculum, and use of space and time).

Participants will explore the Future Ready components and will walk away with Personalized Learning Templates to use in their districts.
