

**Crisis Prevention and Preparedness:
Comprehensive School Safety Planning**

Schools play a critical role in meeting the needs of students, staff, families and often the local community during times of crisis. PREPaRE is the **only** comprehensive curriculum developed by school-based professionals with firsthand experience and formal training. The curriculum builds on existing personnel, resources, and programs; provides for sustainability; and can be adapted to individual school needs and size. The PREPaRE curriculum has been developed by the National Association of School Psychologists (NASP). For more information: <http://www.nasponline.org/prepare/index.aspx>
