TA Network Series

Data Informed Decision Making & Implementation Science

This series of networking and training events will help districts identified as disproportionate under IDEA and districts seeking technical assistance to close achievement gaps for students of color, students identified as having a disability, or as being economically disadvantaged.

The goal is to develop equitable multi-level systems of support in Literacy, Mathematics, and PBIS in every district. This series will guide districts as they build intentional systems to effectively implement a continuous improvement process focused on meeting this goal.

- Teams should include: District Administrator, Director of Student Services/Special Education, Director of Curriculum & Instruction/Title I Coordinator, Building Principal and a Teacher Leader
- Team members will need access to WISEdash Secure (Economic Analyst status), PBIS data (if used)
- Priority registration (before June 30) for invited district teams

Content includes:

August 6, 2018 - Data Informed Decision-Making (data analysis/Root Cause) and Implementation Science - Initiative Inventory

November 7, 2018 - Implementation Science: Leadership Structures and Routines/Communication Protocol

January 29, 2019 - Understanding your Identification/Next Step Planning and Support

April 11, 2019 - Implementation Science: Effective Instruction and Gathering Practice data.

June 11, 2019 - Implementation Science and Next Step Planning for 2019-2020.
