

# Beginning School Implementation

<b>Schedule</b>	<b>October 1, 2009</b> <b>Holiday Inn, Stevens Point</b> <b>Check in 8:00 am/Workshop 8:30 am—3:30 pm</b>
<b>Audience</b>	<p>Participants are encouraged to come as a school leadership team including, at minimum, a building principal, special education teacher, general education teacher, and a parent/family member. A pupil services staff member is highly recommended. Participation is most helpful when a leadership team participates for the duration of the training.</p> <p>This training is highly recommended for any school and/or district that wants to more effectively identify and respond to the learning needs of <b>all</b> students. Schools and districts are strongly encouraged to send leadership teams who can carry forward a strategic action plan leading to student success.</p>
<b>Presenter</b>	Sue Wellnitz
<b>Purpose</b>	<p>The purpose of this training is to assist school leadership teams in the comprehensive planning process necessary to identify and address student learning needs. Leadership teams are introduced to a comprehensive planning tool (the REACH Framework) and are mentored in developing a focused action plan based on school and district data to address and plan for identified student learning needs. The action plan developed will include a clear goal, strategies, procedures and resources needed to reach the goal, timelines, evidence indicators, evaluation criteria and a schedule to monitor progress. Trainers will focus participants on the common elements that characterize highly effective schools to include:</p> <ul style="list-style-type: none"> <li>• Working as a professional learning community</li> <li>• Developing strategic goals based on student learning data</li> <li>• Professional development based on mentoring of best practice</li> <li>• Resource mapping to effectively and strategically use or realign current resources and identify new resources</li> <li>• Progress monitoring to determine if the identified plan is leading to success</li> </ul> <p>Participating teams are guided in identifying local priorities and developing a comprehensive plan to address needs.</p>
<b>Standards</b>	<b>SPP:</b> 1, 2, 3, 4, 5, 7, 8, 9 <b>WTS:</b> 3, 7, and 10; <b>WAS:</b> 2, 3, and 5; <b>WPPS:</b> 2, 3, and 6
