

THE CESA 3 PRINCIPAL NETWORK

Presents

What a Principal Needs to Know About. . .

Wisconsin's Social & Emotional Learning Competencies

Designed to help principals address the following questions:

- *I don't know anything about this! How can I lead it?*
- *What are they? Why should I be concerned with them? Isn't this just PBIS?*
- *What schools are doing this well? Can they share their process and pitfalls?*
- *Are there some good programs I should look at?*
- *Are these assessed and reported? Grades? Report cards? What does that look like?*
- *How are mental health issues and trauma-informed care related? How can I address these by implementing SEL?*
- *What training is needed by my staff?*
- *How do you build parental support? Do they need training, too?*
