#EdcampCoulee

SPONSORED BY WISCONSIN PUBLIC TELEVISION EDUCATION

The mission of Edcamp Foundation is to build and support communities of empowered educators. Edcamp is an UNCONFERENCE, where attendees determine the learning.

THE TENETS OF EDCAMP ARE:

- Free and open to all. This ensures that all educators can attend.
- Participant-driven. Sessions are determined by the participants at the event; there are no presentations or keynotes. The goal is to keep sessions spontaneous, interactive and responsive to everyone's needs.
- Experience, not Experts. The educators in the room are professionals worthy of sharing their expertise in a collaborative setting.
- Reliant on the Rule of Two Feet. Participants are encouraged to actively self-select the best content and sessions.
- Edcampers should leave sessions that do not meet their needs. This provides an effective way of "weeding out" sessions that are not based on appropriate research or not delivered in an engaging format.

PARTICIPANTS SHOULD BRING A FULLY CHARGED DEVICE TO #EDCAMPCOULEE
