

# The Reading Teacher Network

Title Teachers/Interventionists often have a unique role in school districts, with leadership responsibilities ranging in literacy expert, RtI, interventions, and leadership. Join CESA 9 in creating a network series aimed at developing a professional learning community just for teachers of reading.

These sessions will support:

- Sharing and reviewing research and resources around effective instructional practices in literacy
- Capacity building in designing and implementing Title I programming within an Equitable MultiLevel System of Support
- Resources for creating schools that engage families in literacy

## Session 1

**February 6, 2019**

**CESA 9, Tomahawk**

**12:30 - 3:00 pm**
