Registration Fee: \$150

Includes breakfast, lunch, & certificate of completion

Registration Deadline: July 31st, 2019

Featuring
Keynote Speaker
Jason Kotecki

Balancing Act: Overcoming Adulthood Amidst the Stress of Everyday

Jason Kotecki along with his wife, Kim, began a movement to Escape Adulthood. It's not about escaping responsibilities or reality. Rather, the "Adulthood" they recommend escape from is the cynical, joyless, unadventurous version with all the stupid rules, the ones that insist we always play it safe and take ourselves way too seriously. Join the movement and start believing the crazy notion that there is more to life than the busyness, stress, and melancholy that is typical of most modern lives.

This training is designed to provide beneficial skills and strategies to paraprofessionals at all levels. Tentative breakout sessions include:

- Restorative Conversations
- Understanding Behaviors
- Mandatory Reporting
- Building Relationships with Challenging Students
- Creating Safe Space for LGBTQ+ staff and students
