

From Striving to Thriving: How to Grow Confident,
Capable Readers —and / or—
Inquiry Illuminated: Researcher's Workshop Across
the Curriculum

Oshkosh, WI | December 10—11, 2019 | 8:30 AM – 3 PM

Plan to spend one or two days with Stephanie Harvey this December!

DAY 1: FROM STRIVING TO THRIVING: HOW TO GROW CONFIDENT, CAPABLE READERS (Grades 2—8) When it comes to readers who need the most support, teachers can't afford to waste time using fragmented, skill-and-drill interventions that don't work. Literacy specialist Stephanie Harvey will demonstrate how to “table the labels” and build in time for students to read independently and provide personalized instruction that enable striving readers to do what they need above all—to find books they love and engage in voluminous reading. This workshop will support any one who strives to make every reader a thriving reader with ready-to-go lessons, routines, and “actions,” as well as the latest research.

DAY 2: INQUIRY ILLUMINATED: RESEARCHER'S WORKSHOP ACROSS THE CURRICULUM (Grades K—6) Stephanie Harvey will shine a light on researcher's workshop—an approach which emerges from kids' curiosity. Through student examples and classroom video, Stephanie will show us how to create a culture where thoughtfulness, creativity, and collaboration can prompt powerful inquiry. Adapting structures you already know, she will share a proven, authentic approach to:

- Create irresistible investigations in science, history and social studies, and language arts;
- Increase independence and agency by gradually releasing responsibility for inquiry; and,
- Effectively integrate literacy and content through strategies for comprehension and critical thinking.
